*“In the confrontation between the stream and the rock, the stream always wins  
not through strength, but through persistence.” - Buddha*

As we finish 2008, we want to share with you our latest projects.

Head Hobo Engineer Chris Stangroom recently completed recording and mixing, **Bedtime with Elmo**, the latest home video release from **Sesame Street**.

In lieu of the recent and highly anticipated election, the Hobo crew had the pleasure of **Rocking the Vote** with superstars **Sean “P. Diddy” Combs** and **Russell Simmons**.

**MRM** was back in Hobo’s Studio A with engineer Julienne Guffain for another round of **On Hold Phone Spots**. Being on hold never sounded so good!

**Hyperactive** spent an exciting week at Hobo mixing TV spots for the Fortune 500 global company, **SPX**.

**Food Network** wrapped up another season of **Rescue Chef for Silver Plume Productions**, with Engineers Chris Stangroom and Julienne Guffain. For more information on the show, check it out here: <http://www.foodnetwork.com/rescue-chef/index.html>

**KPI TV** has kept Hobo busy this year, with projects like, **Discovery Channel’s** 2-hour special **Apocalypse How**; **History Channel’s** smash hit series **Monster Quest**; and an enticing pilot for **History Channel**, **Battle of the Titans**, said to air in Spring 2009.

The creative and production teams at **Saatchi** have been keeping the Hobo crew busy with a variety of great projects.

David Bokil continues to provide both music searches and original compositions for many of our projects. We're proud of him!

IT'S A BOY! Hobo's newest bundle of joy is a lovely boy of 23, we call him Stephen Davies. He's going to grow up to be such a wonderful engineer!

Other recent projects include **Oral B, Tide, Acorn, Time Warner Cable, Tylenol, MoveOn.org, IBM, Transitions Lenses, Fuse Music TV, and ETrade** - to name a few.

For more information and for booking time please call Diane Curcuru at 212-967-6532.

**Howard Bowler** President
